### Assignment Details

The residents of Mucho County value a multicultural healthcare delivery system to meet the needs of the community and enhance patient experience. As the new chief executive officer (CEO), you must consider the role of cultural, legal, and ethical issues in health service delivery in Mucho County.

Prepare a review of the health delivery services of the Mucho County Healthcare System. In your review, consider the following questions, and respond accordingly:

- What ethical principles must staff members at Mucho County Healthcare System facilities review to enable them to deal with ethical and legal dilemmas?
- What is the role of culture in healthcare service delivery or healing of a patient in a multicultural environment such as Mucho County?
- What are the barriers to achieving cultural competence in an organization?
- Why is cultural diversity always an area of concern in healthcare delivery?
- What activities do you recommend the staff at Mucho County Healthcare System facilities do to achieve cultural competence?

Do not forget to reference learning resources and other sources that you might have accessed. Your review must be a minimum of 5 pages (excluding the title page and references).

Submitting your assignment in APA format means, at a minimum, you will need the following:

- **Title page:** Remember the running head. The title should be in all capitals.
- **Length:** 5 pages minimum
- **Abstract:** This is a summary of your paper, not an introduction. Begin writing in third person.
- **Body:** This begins on the page following the title page and abstract page and must be double-spaced (be careful not to triple- or quadruple-space between paragraphs). The typeface should be 12-pt. Times Roman or 12-pt. Courier in regular black type. Do not use color, bold type, or italics, except as required for APA-level headings and references. The deliverable length of the body of your paper for this assignment is 5 pages. In-body academic citations to support your decisions and analysis are required. A variety of academic sources is encouraged.
- **Reference page:** References that align with your in-body academic sources are listed on the final page of your paper. The references must be in APA format using appropriate spacing, hanging indent, italics, and uppercase and lowercase usage as appropriate for the type of resource used. Remember, the Reference page is not a bibliography but a further listing of the abbreviated in-body citations used in the paper. Every referenced item must have a corresponding in-body citation.

**Please submit your assignment.**
